# PRICE LIST

Price list is valid from 1 May 2024.

**MARIBOR EDVARD RUSJAN AIRPORT**

# SERVICES

## **LANDING AND TAKE-OFF**

### 1. Service description

Use of runway for landing and take-off.

### 2. UNIT OF MEASUREMENT

MTOW – maximum take-off weight in accordance with the Certificate of Airworthiness, expressed in tonnes (metric tons). Each partial tonne is charged as a whole tonne.

### 3. PRICE OF SERVICE

The price of service is indivisible and includes landing and take-off.

## **LIGHTING**

### 1. Service description

The use of lighting system on runway, taxiways and apron.

The lighting system is obligatory and activated during landing and take-off, in accordance with ICAO Doc. 4444 Part V, Aeronautical Ground Lights.

### 2. UNIT OF MEASUREMENT

Landing or take-off of each aircraft.

### 3. PRICE OF SERVICE

The price of service is quoted in a separate part of the Price List.

## **AIRCRAFT PARKING**

### 1. SERVICE DESCRIPTION

The use of apron for parking of aircraft. Securing the aircraft with checks.

### 2. UNIT OF MEASUREMENT

MTOW – maximum take-off weight in accordance with the Certificate of Airworthiness, expressed in tonnes (metric tons). Each partial tonne is charged as a whole tonne.

### 3. PRICE OF SERVICE

Aircraft parking is charged per tonne MTOW per 24 hours. A partial 24-hour period is rounded to a whole 24-hour period. First 4 hours are free of charge.

## **HANDLING**

### 1. Service description

Handling of aircraft, passengers, baggage, cargo and mail at arrival and departure, in accordance with IATA procedure AHM 810 as of April 2008.

### 2. UNIT OF MEASUREMENT

MTOW – maximum take-off weight in accordance with the Certificate of Airworthiness, expressed in tonnes (metric tons). Each partial tonne is charged as a whole tonne.

### 3. PRICE OF SERVICE

Aircraft handling is charged per tonne MTOW and is quoted in a separate part of the Price List.

### 4. HANDLING TIME

Aircraft handling time is in accordance with the stipulated handling standards for specific types of aircraft.

## **AIRCRAFT PARKING IN HANGAR**

### 1. Service description

The use of hangar for parking of aircraft. Securing the aircraft with checks. The price includes the towing and parking on the parking lot of the aircraft, which is performed by the airport staff on the basis of prior notice or by the aircraft user under the supervision of airport staff. The hangar can only be accessed by aircraft owners and other persons upon presentation of appropriate evidence, e.g. the owner's consent for use or another document showing that the aircraft may also be used by another person (e.g. aircraft maintenance order).

### 2. UNIT OF MEASUREMENT

MTOW – maximum take-off weight in accordance with the Certificate of Airworthiness, expressed in tonnes (metric tons). Each partial tonne is charged as a whole tonne.

### 3. PRICE OF SERVICE

Aircraft parking is charged per tonne MTOW per 24 hours. A partial 24-hour period is rounded to a whole 24-hour period.

A special arrangement can be made for long-term parking.

## USE OF FACILITIES

### 1. Service description

The user of the facilities is allowed access 30 minutes before the start of official business hours and must leave the facilities no later than 30 minutes after the end of official business hours. A different arrangement is also possible if consent from the airport operator has been obtained. Reservations can be made by e-mail to [info@mbx-airport.si](mailto:info@mbx-airport.si).

### 2. UNIT OF MEASUREMENT

The price of use per unit of measurement is expressed in EUR / m<sup>2</sup> or in EUR / hour / day / month for an individual space. Regular cleaning services are charged per m<sup>2</sup> and is carried out between Monday and Friday.

### 3. PRICE OF SERVICE

The price of the service for the use of facilities includes: installed office furniture, electricity and routine maintenance of electrical installations, water consumption and utilities, routine maintenance of utility lines, heating and routine maintenance of heating system, waste service, insurance against cracking, breaking and shattering of glass as well as fire insurance.

# PASSENGER SERVICE

## 1. Service description

Passenger service includes the use of all non-commercial facilities in the passenger building.

## 2. UNIT OF MEASUREMENT

The number of departing passengers per flight.

## 3. EXCLUSIONS

Passenger service charges are not paid by the following categories of passengers:

- Children up to 2 years of age (infants),
- Extra crew members,
- ID00.

## 4. PRICE OF SERVICE

The price of service depends on the type of traffic and is quoted in a separate part of the Price List.

### **Passenger service for departing passenger of GENERAL AVIATION:**

The charge per departing passenger	8.00 EUR
The charge per transfer and transit passenger	4.00 EUR

### **Passenger service for departing passenger ON PASSENGER AIRCRAFT:**

The charge per departing passenger	15.00 EUR
------------------------------------	-----------

### **Security tax for departing passenger ON PASSENGER AIRCRAFT and GENERAL AVIATION AIRCRAFTS Above 3.5 tonnes MTOW**

The charge per departing passengers	5.00 EUR
-------------------------------------	----------

# GENERAL CONDITIONS

1. Each user requesting the use of air traffic services is considered to accept all the conditions of the Price List. The prices in the Price List are the same for services rendered in domestic and international air traffic.
2. The billing and payment for services for scheduled air carriers shall be made in accordance with the signed contract.
3. Airlines that do not have a contract with DRI upravljanje investicij, d. o. o., must pay for the services prior to take-off.
4. Payments for the services from Item 3 can be made:
  - In cash
  - By Diners credit card
  - By Visa credit card
  - By Mastercard credit card.
5. Value added tax (VAT) is not included in the price quoted in the price list. International (foreign) air carriers and foreign legal and natural persons other than air carriers are exempt from value added tax (VAT) according to Article 31.13 of the Slovenian Value Added Tax Act (ZDDV). Domestic airlines must pay value added tax (VAT).
6. The billing and payment for services can be made in any currency: prices quoted in EUR are converted into the preferred currency in accordance with the average exchange rate of the Bank of Slovenia on the day the invoice is issued.

In the event of a contract between the user and DRI upravljanje investicij d. o. o., an eight-day deferral of payment is possible. DRI upravljanje investicij, d. o. o., is entitled to request an advance or other payment guarantee instrument.

Default interest is charged for delayed payment.

# REDUCTIONS AND SURCHARGES

## REDUCTIONS
